6 tips for treating nature with respect

Draw a line from each tip to its matching image.

**1** They may be tempting to pick and take home, but leave wild flowers for others to enjoy.

**2** If you're taking pets along camping or hiking, be sure to control them or have them on a leash at all times.

**3** Animals have their own food, so please don't feed them.

**4** Mushrooms might look tasty, but they can make you very sick—be careful never to eat them.

**5** If you see any trash left by others while outdoors, pick it up (as long as it's safe)!

**6** Look at, but don't touch, cultural or historic structures and artifacts you may find while hiking or exploring.
